- Soft Skills: Problem-Solving Abilities , Good Communication Skill,
  People Management , Teamwork , Github

WORK EXPERIENCE

Web Developer Intern | Ficuslot Innovation Pvt Ltd   **July 2025 - Till**

- Developed a fully responsive e-commerce web application named Broopi using the MERN stack with modern UI/UX principles.
- Implemented authentication & authorization with JWT & OAuth (Google Login), ensuring secure customer login, signup, and session handling.
- Designed and integrated RESTful APIs for product management, shopping cart, wishlist, and order history.
- Built a scalable backend with Node.js/Express.js and structured the project using MVC architecture for maintainability.

PROJECTS

WYNKL SHOP   **June 2024- Sept 2024**

- Technologies: MERN Stack (MongoDB, Express.js, React, Node.js) CSS, JavaScript.
- Developed a fully responsive and user-friendly e-commerce website enabling users to browse, search, and purchase products.
- Enforced dynamic product filtering, cart management, and secure payment integration.
- Project Link

APPLE WEBSITE FRONTEND CLONE   **Sept 2024- Sept 2024**

- Technologies: ReactJS, GSAP, Three.js, HTML, CSS, JavaScript
- Enhanced a highly interactive and responsive Apple website clone using ReactJS, incorporating GSAP for smooth animations and Three.js for 3D visualizations.
- Project Link

HEALTHCARE   **Oct 2024- Dec 2024**

- Technologies: MERN Stack (MongoDB, Express.js, React, Node.js), Razorpay, HTML, CSS, JavaScript
- Designed and enforced a user-friendly doctor appointment booking system with a responsive UI, enabling users to book appointments seamlessly.
- Integrated Razorpay for secure online payment processing, supporting multiple payment options for a hassle-free user experience.
- Project Link
